A close-up photograph of a young man with short dark hair, smiling broadly. He is wearing a light-colored t-shirt with a small graphic of a bird on it. He is holding a dark-colored acoustic guitar and is in the middle of playing it. The background is slightly blurred, showing what appears to be a colorful mural or wall art.

BIOGRAPHY

Nick Agesa is a Kenyan born singer, songwriter, pianist and a rhythm guitarist based in Nairobi, Kenya. He is also a founding member of the Band Jazzika Music. He describes his music as "Afrocentric" which is a sweet blend of Afro-pop, Afro Jazz, Afro folk, RNB and Afro Soul. He believes that love is the key for a better world "#loveiskey", thus he uses his musical skills to share love to the world and also get them to appreciate the African culture.

Nick's greatest achievement is been featured as the main artist in the recording of the sound track for the Kenyan film "POKER". A film that raises awareness on marital violence.

He has also released his singles such as Maria and Mdundo which are songs featured in his upcoming debut album dubbed "African Mami" that is to set to be released in 2020.

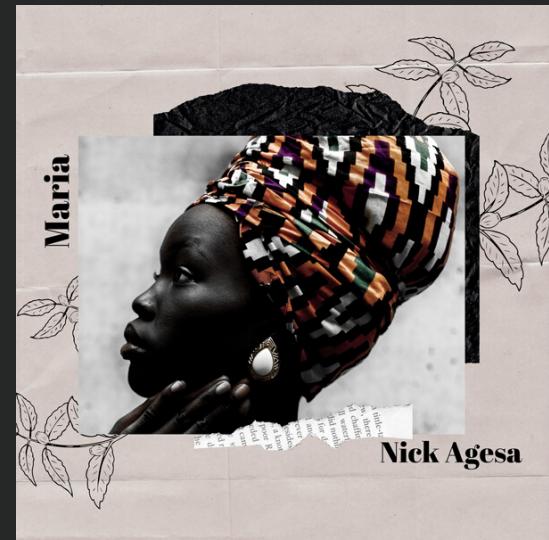

He is also the founder of Kwetu Nyumbani now called Yengo, a live acoustic living room session that aims to showcase different Kenyan cultures through performing art, food and also providing an intimate space for interaction between the artist and the audience
